COURAGEOUS INQUIRY

EMORY COLLEGE

EMORY UNIVERSITY
Explore your ideas. Make your impact. The world awaits.

Emory’s tradition of doing well and doing good began with our founders in 1836, continued through our history, and thrives on our campus today.

We think of it as learning with purpose. Our president James Wagner speaks of it as excellence that contributes. It’s taking your bold ideas and spirited inquiry and sharing them with the world.

Resources that strengthen, professors who encourage, and learning that changes the game. Imagine what you could do.

Join us. Explore what inspires you, and make an impact with what you learn—at Emory and beyond.
Learning that challenges and also inspires

At Emory, classes are taught by professors—renowned scholars and scientists—who also love to teach. Classes are rich with challenging ideas and diverse points of view. And the way you learn is different here—interdisciplinary angles, global perspectives, and liberal arts deepened with real, roll-up-your-sleeves experience. You’ll gain the tools you need to make your impact.

You can choose your major from many
Emory has 70+ majors, 50+ minors, and a variety of preprofessional options.

Or combine majors to fit you
Some of our most popular majors are interdisciplinary ones that combine multiple fields of study, or joint programs of study.

A path that’s all yours • You can customize your study at Emory. Explore our long list of majors, minors, joint majors, and preprofessional options, and create an education that fits you. After your first two years, if you’re interested in business or nursing, you can apply to Emory’s Goizueta Business School or transfer to our School of Nursing to earn a BBA or BSN.

A community that will be your new favorite place • Emory boasts a strong intellectual and social community. Two-thirds of our students live on campus, making it close, connected, and active. Here, learning and living overlap—as our professors are involved in the life of the college, and students benefit from easy access to the research, internships, and service opportunities in Atlanta.

Enrollment
EMORY COLLEGE: 5,703
EMORY UNIVERSITY: 14,769
Great classes from day one  • At Emory, learning is enriched by the resources and faculty of a top research university. Right away we introduce freshmen to our way of learning through Freshman Seminars. They’re small and interdisciplinary, and their topics connect to the world around you.

Professors who will know what makes you tick  • Our average class size is 25, and 79% of classes have fewer than 30 students. The student-faculty ratio is 8:1. And, our professors will advise you from your freshman year on.

Learning for life after college  • Here, learning reflects thinking in the real world. For example, in interdisciplinary majors like our human health major, students use an integrated method to examine the human experience of health. And through experiential learning like internships, study abroad, leadership training, and research, students gain practical experience to enhance learning.

SOME OF OUR FRESHMAN SEMINARS  • Climate Change  • Philosophical Best Sellers  • Advertising—the Magic System  • History of African American Education  • Anthropology, Vaccines, and Society  • Sex, Lies, and Politics in Ancient Rome  • The Economics of Sports  • Jazz in 1959  • Acting Fundamentals  • Polarization in American Politics  • Zombies in Havana!

Through study abroad in Berlin, challenging classes, and regular discussions with political science professor Merle Black, Tyler has fine-tuned his learning. And, he discovered that pairing his political science major with economics was valuable, informing his understanding of politics. “These experiences helped to broaden my view of politics and have helped me to realize the different paths there are to take when I graduate.”

Favorite place in Atlanta: Desta Ethiopian Kitchen
Favorite campus tradition: Songfest
At Emory, our professors—the ones who write the books, run the labs, and make discoveries—teach. They also advise students, cheer at games, and eat in the DUC with everyone else. They’ll teach you things that will surprise and inspire you, and you’ll connect with them for a lifetime.

And, you just might find former US President Jimmy Carter or His Holiness the XIV Dalai Lama leading your class.

---

**Professors who make the hair stand up on the back of your neck**

FRANS DE WAAL

De Waal is the Charles H. Candler Professor of Primate Behavior in the Department of Psychology. He studies human evolution by investigating our similarities with great apes. In 2007, Time featured him as one of the world’s One Hundred Most Influential People.

---

**Faculty who guide and encourage**

At Emory, professors serve as academic advisers from your freshman year on, through our Pre-Major Advising Connections at Emory (PACE) program. With PACE, faculty and peer leaders will help you adjust to college life, find your passion, and plan for academic and career success.
Choose from 70+ majors, 50+ minors, and a variety of preprofessional options, and if you can’t decide on just one, you can double major, co-major, or try an interdisciplinary path.

HUMANITIES Faculty in the humanities, including former US Poet Laureate Natasha Trethewey and poet Kevin Young spark learning and strong writing as well as critical-thinking skills.

LIFE SCIENCES If you like life sciences, you’ll be surrounded by resources—from the faculty and labs of Emory’s hospitals and clinics; our schools of medicine, public health, and nursing; the Winship Cancer Institute; and our neighbor the Centers for Disease Control and Prevention.

PRE-HEALTH The PreHealth Mentoring Office can help you navigate the requirements and application processes for careers in the health professions, ensuring you graduate prepared for your next step.

SOCIAL SCIENCES If you’re a social sciences fan, you’ll be inspired by Psychology Professor Frans de Waal at Yerkes National Primate Research Center as well as classes like Health and Humanities taught by Assistant Professor of History Bena Coser.

ARTS In addition to majors or co-majors in the arts, Emory’s Center for Creativity & Arts will encourage your artistic experimentation. Creative writing students, take note: USA Today named Emory the No. 1 school for budding writers.

Explore what inspires you

BUSINESS Goizueta Business School’s undergraduate program is ranked No. 7 in the nation. You can apply to spend your junior and senior years at Goizueta to earn a BBA.

NURSING The many health science resources on and around campus offer powerful experience and training. You can transfer to spend your junior and senior years at Emory’s School of Nursing to earn a BSN.

BEHAVIORAL STUDIES With Yerkes National Primate Research Center and the Center for Behavioral Neuroscience right on campus, you’ll have unmatched resources for study in behavioral sciences.

ENGINEERING This 3+2 dual-degree program can allow you to study in either arts or science at Emory and engineering at Georgia Tech, and graduate with a BA + BS or BS + BS.

PREPROFESSIONAL In each preprofessional track, (including pre-law, pre-dentistry, pre-med, and more) you can design your own curriculum, and with the help of the Career Center, prepare yourself with targeted guidance for the postgraduate application process.

No need to stop at one
So many ways to power up your experience

Through research, internships, and our diverse campus resources, Emory students deepen their liberal arts learning.

Contribute to a breakthrough
Research even in the freshman year • 45% of students research with professors • Research in all disciplines, including the humanities, arts, sciences, and social and behavioral studies

SIRE (Scholarly Inquiry and Research at Emory) promotes undergraduate research in all fields through grants, faculty-student research partnerships, and summer research stipends.

Students in the Emory University Scholars Program have access to exceptional programming experiences. The Robert W. Woodruff and Goizueta Scholarships are awarded to students with outstanding academic achievement and clear potential for enriching the lives of others.

WE RESEARCH LIKE ROCK STARS • Physics: Jamming of Static Quasi-2D Emulsions at Various Surfactant Concentrations • Philosophy: Democratic Change: Normative Guidance to Political Actors on the Use of Violence • English: Representations of Charitable Relationships in Jane Eyre and Middlemarch • Mathematics: SF2: Hypergeometric Functions and Supersingular Elliptic Curves • Psychology: Do You Believe in Magic? The Use of Forces in Our Perception of the Occult • Economics: What Happens to Marriage in China When Housing Prices Increase

WE INTERN LIKE NOBODY’S BUSINESS • The Carter Center • Central Intelligence Agency • Ernst & Young • Google • Random House • NFL Players Association • The Coca-Cola Company • T. Rowe Price • Deloitte

The Use of Forces in Our Perception of the Occult • Economics: What Happens to Marriage in China When Housing Prices Increase

WE INTERN LIKE NOBODY’S BUSINESS • The Carter Center • Central Intelligence Agency • Ernst & Young • Google • Random House • NFL Players Association • The Coca-Cola Company • T. Rowe Price • Deloitte

Take advantage

• Visit with Egyptian mummies at the Michael C. Carlos Museum
• Perform at the Schwartz Center for Performing Arts
• Intern with policy researchers at The Carter Center
• Scan the sky with the rooftop observatory telescope at the Mathematics and Science Center
• Examine Alice Walker’s archive in our Manuscript, Archives, and Rare Book Library, one of seven libraries on Emory’s campus.
• Study chimp behavior at Yerkes National Primate Research Center
• Research with the experts at the Centers for Disease Control and Prevention

Boost your marketability
Most Emory students have an internship during their four years, and students can intern in the US or during study abroad. You can choose from 1,225 internships in Atlanta and 11,132 across the globe.

Study math (or anything) on the other side of the world

International experience is an integral part of an Emory education, giving you a global perspective whether you study abroad or not.

BROADEN YOUR POINT OF VIEW  
- 36% of the Class of 2015 participated in study, research, or service learning abroad  
- Study abroad for a semester, summer, or year  
- 100+ programs that span the globe  
- Study abroad in all majors  
- Integrated with on-campus curricula  
- Take your financial aid and merit scholarships with you  
- Language immersion, fieldwork in developing countries, research in labs, exposure to global business, and more

Our Center for International Programs Abroad (CIPA) develops, promotes, and administers study abroad programming. Find out more at cipa.emory.edu.

Or, gain a global outlook right here in Atlanta
Even when you’re on campus, an Emory education is a global one. Emory University is home to 3,500+ international students and scholars, and international research and teaching is woven into the curriculum in all nine schools. Plus, our Halle Institute for Global Learning offers international programming on campus and abroad.
More than just recycling
Sustainability is a way of life here. Emory boasts environmentally conscious construction, energy and water conservation, sustainable food plans, eco-curriculum, and alternatively fueled shuttles.

Serve across the globe or right at home
- More than 85% of the Class of 2015 volunteered
- Weekly service trips in the greater-Atlanta community
- Large-scale, university-wide service days (including alumni worldwide)
- Alternative service breaks during fall, winter, and spring breaks

Engage for change
Our Center for Community Partnerships promotes civic engagement through scholarship, learning, and service. Its Community Building and Social Change Fellows work to build community in the contemporary urban US.

YIWEI GAO
Computer Science Major
Atlanta, Georgia

Yiwei, a computer science major, says he loves solving problems by creating software solutions. He’s made an impact doing just that working at Emory’s Student Technology Support, in a psychology research lab, and at an internship at Slickdeals.net. “That internship was my first time seeing how my classroom experiences could be applied to real-life scenarios.”

Favorite spot on campus: the tower in Lullwater Preserve
Favorite campus tradition: Dooley’s Week

Make your impact, starting right here
At Emory, we think education should inspire you to make the world a better place, whichever corner of it you choose to tackle first.
Love our community like we do

Located in a historic neighborhood a few miles from downtown Atlanta, Emory is tree-lined with a nature preserve at its edge, and in its center has pink and gray marble buildings topped with red tile roofs. It’s movie-set beautiful, and it’s a real-life, active community: Two-thirds of students live on campus, making Emory vibrant and connected—there will be a lot going on right outside your room.

WHAT’S THE BEST SPOT ON CAMPUS? *ASBURY CIRCLE, WHERE WONDERFUL WEDNESDAY IS HELD* • *THE WOODED AREA BEHIND THE CARLOS MUSEUM* • *COX HALL—NOBODY WILL JUDGE YOU IF YOU HEAD UPSTAIRS AND PASS OUT ON A BEANBAG FOR A FEW HOURS* • *THE QUAD—IT’S LIKE WALKING ONTO A MOVIE SET ABOUT GOING TO COLLEGE* • *THE DUC—IT’S THE HUB* • *SITTING ON THE GRASS FOR A CONCERT AT MCDONOUGH FIELD* • *THE HILL IN THE CENTER OF LULLWATER PRESERVE* • *ANYWHERE, WHEN IT’S DOOLEY’S WEEK*

Home is where your art is, or at least your posters

• All freshmen and sophomores live on campus.
• The new freshman living complex is sustainability themed, encouraging green living.
• Pick what housing fits you: theme halls, a single-sex hall, single and double rooms, or suites and full apartments for two, three, and four roommates.
• Emory Dining makes campus feel even more like home. They take student suggestions and prepare a wide variety of tasty food in diverse settings, from smaller cafes to the DUC, Emory’s main spot to eat and connect with friends.

Make friends like you (or not like you at all)

Emory students are from 50 states • From 100+ nations • From 100s of backgrounds • Share thousands of racial, ethnic, religious, sexual, political, academic, and geographic points of view • Have more than one way to add to our diversity • Bring countless perspectives to campus • Plus, Southern hospitality is alive and well here and makes our community friendly and inviting.

Gain more experience than you ever thought possible

- **Business**: 3rd largest concentration of Fortune 500 companies in the US
- **Film**: 4th largest film industry in the nation (Georgia)
- **Health Care**: Centers for Disease Control and Prevention, American Cancer Society, CARE, and booming health IT and biosciences industries
- **Media**: Turner Broadcasting System, CNN, and Cox Communications
- **International**: nearly 70 full and honorary consulates

Connect with your future
More than 37,600 Emory alumni call Atlanta home
- Ranked among the top 10 American Cities of the Future (fDi Magazine)
- No. 1 city for minority entrepreneurs (Forbes)
- No. 3 city for growth in number of women-owned firms (American Express)
- No. 2 socially networked city (Men’s Health)
Grab the spotlight • In addition to the many student-led and university performing arts organizations on campus, Emory has many ways to create. Arts at Emory hosts 300+ events in the performing, visual, and literary arts each year.

Practice your victory dance • Emory’s 18 varsity teams compete in NCAA Division III, and our Emory Eagles ranked No. 8 in the Learfield Sports Directors Cup standings this past year. Since 1988 Emory recorded 18 NCAA Championships and 176 UAA Championships. We’ve had 805 All-Americans since 1984. Go Eagles!

Take the lead • Build your leadership skills, add to campus life, and strengthen community through organizations including the Student Government Association, College Council, Student Programming Council, and Outdoor Emory.

LINDSAY PATTON
Undeclared Major
Fletcher, North Carolina

Lindsay still has a year to declare her major, but so far her favorite class is Philosophy of Art. “It challenged not only my perspective on art, but also my perspective on life.” Outside class, you’ll see her behind a camera. For Emory Television, she has helped shoot all kinds of videos, from a comedic short to an informational video for Emory Center for Ethics.

Favorite spot in Atlanta: Virginia-Highland
Favorite spot on campus: the Quad
You’ll sing and dance like crazy
At Orientation, freshman dorms compete in Songfest, a song and dance contest, where the winners have bragging rights—yes—through graduation.

You’ll hope a skeleton cancels class
Emory’s unofficial mascot is a skeleton, Dooley. Our “Lord of Misrule” (represented by select students in costume) makes appearances all year, but during Dooley’s Week in the spring he rules campus—dismissing classes and making mischief.

You’ll try not to cry
A few nights before graduation, seniors prepare to “cross over” to alumni status, symbolized by a candlelit walk over the bridge to the Miller-Ward Alumni House.

You’ll talk with a president
Every fall for almost 30 years, former President Jimmy Carter holds a town hall meeting for first-year students, where he speaks and then takes questions from the audience.

You’ll see how Wednesdays are wonderful
Originating decades ago when Emory held no classes on Wednesdays, Wonderful Wednesday now is a way for the whole campus to celebrate on Wednesday afternoons.

Sometimes hard to describe but always fun, our traditions make for a lively and close community, and a lasting link between Emory folks young and old.
Get out there and show them how it’s done

At Emory, we know employers value a liberal arts education, as do graduate and professional schools. They want liberal arts graduates for their broad knowledge and exceptional abilities to reason and communicate across disciplines. Long story short, Emory students are prepared and in demand after graduation.

JEWELEON JONES
Goizueta Business School Class of 2014
Marketing and Strategy & Management Consulting Double Major
Store Leadership Program Associate at Apple

“Arriving at Emory College and getting accepted into the business program two years later, I knew that I had a specialized passion for marketing and a general desire for organizational leadership. From there the rest is history.”

While at Emory, Jeweleon’s favorite campus tradition was Songfest. “The experience, the fun, the environment is unrivaled.”

EMILY LORSCH
Emory College Class of 2014
Marketing and Journalism Double Major
Reporter for Time Warner Cable News

“The most amazing part of my internship at CNN was gaining real-life, hands-on experience. I worked with the executive producer for the weekend morning show and the entire show, and I was able to produce a segment on my own during Superstorm Sandy.”

While at Emory, Emily organized a microfinance brigade and traveled with other students to Ghana to provide micro-enterprise consulting and financial planning assistance.

POSITION YOURSELF AT THE CAREER CENTER • Mock interviews, resume planning, job fairs, graduate and professional school fairs • 100+ Career Center-sponsored workshops and programs each year • 200+ companies and organizations attend Emory’s on-campus job fairs

After Emory
Emory’s 133,000 alumni live worldwide and are engaged in their communities and a range of careers. Yes, we have our share of superstar alumni, but no matter what fields our alumni excel in, they are an eager resource for students looking for mentoring and advice in their careers and life after Emory.

Less than three months after graduation, Class of 2015 Emory graduates are at work on careers.

How to apply

You can apply to Emory College, Oxford College, or both schools with one application. Emory University accepts the Common Application, which can be found at www.commonapp.org. To complete your admission file, the Emory University Office of Undergraduate Admission requires the following:

- Common Application
- Questions and Writing Supplement Section of the Emory University “My College” tab of the Common Application
- A $75 application fee or application fee waiver
- Official high school transcripts
- Official college transcripts, if applicable
- Official scores from the SAT and/or the ACT; if English is your second language, it is highly recommended that you submit results from the TOEFL or IELTS

*Testing Codes: SAT/TOEFL: 5187; ACT: 0810
*Secondary school report/counselor’s recommendation
*Two teacher letters of recommendation
*Mid-year report (due January 27 for EDII; February 15 for RD applicants)

**Application reminders**

We know the college application process can be complicated on top of all of your other senior year activities. We offer this helpful list of reminders to streamline the process for you.

- All application materials are found online through the Common Application at: www.commonapp.org.
- All Emory application deadlines are for online submission or postmark.
- If you are applying to Emory College, Oxford College, or both, you need only submit one application and one set of supporting documents.
- Any mailed application materials need to be sent to:
  
  Emory University
  Office of Admission – Undergraduate
  3263-001-1AA (omit for UPS, FedEx)
  1390 Oxford Road NE, Atlanta, GA 30322-1016
