**Why Study Liberal Arts?**

Liberal arts is the study of subjects including science, languages, philosophy, literature, and math that teaches students to write, think critically, and solve problems, which employers find valuable. It’s a foundation for you, but also for humanity, preparing you to serve, lead, and—yes—change the world.
OUR INCLUSIVE, INVOLVED COMMUNITY is a vibrant home where you’ll share ideas, try new things, and set your sights on the future.

WE’RE A LEADER IN DIVERSITY by race, faith, socioeconomics, geography, and worldview.

FINANCIAL AID

We meet 100% of demonstrated financial need for all accepted domestic students.

And we’ll guide you as you navigate the financial aid process. Our approach includes need-based financial aid, merit-based scholarships, and programs like Emory Advantage and QuestBridge.

Beginning fall 2022, Emory will eliminate need-based loans as part of undergraduate students’ financial aid packages and replace them with institutional grants, giving more students the opportunity to graduate debt-free.

Domestic students need to submit the CSS Profile, FAFSA, and family tax returns. International students seeking aid should apply under Regular Decision and submit the CSS Profile and Financial Certificate.

For consideration for merit-based scholarships, students need to apply by November 15. (Students applying Early Decision I must apply by November 1.)
